

Nassim El Khantour

Multimedia Designer :: Art Director :: Web Developer

I am a French creative with an expertise in Web and Motion Design, but also proficiencies in development, 3D design, and illustration. An extended skillset I put at work in various projects for the past 7 years such as marketing collaterals, web apps, as well as audiovisual interactive setups. I am looking to join a talented team in Taiwan.

PROFESSIONAL EXPERIENCE

Lead Designer: Motion, Web & Print productions

2022 - Present

Redbox Media Inc. :: Montréal, Canada

Design of visual and interactive content going from websites to print and motion design assets. Involved in agency's project management and team coordination.

- Production of 100+ motion design and static materials, with sound design (Google, Meta, TikTok ads, marketing collaterals, and product showcases).
- Supervision and onboarding of junior designers, ensuring their work fit the established art directions.
- Design of 20 websites (wireframes, final designs and client presentations).
- Visual identity design, brand guidelines, and various print media.
- Videography and post-production of the agency's events and venues.
- Developing tailor-made JavaScript animations to improve websites user experience (3D WebGL interactive content, SVG/SCSS/GSAP animation...)
- Setup and development of web apps and Adobe extensions to enhance the agency workflow.
- Collaborating with the Tech Lead to improve agency's technical stack.
- Team training: introducing production tools to management and development team.
- Managing agency's in-house projects (tasks scheduling, coordination of the production team).

Web Designer & Developer

2020 - 2022

Freelance :: Strasbourg, France

- Development and UX/UI design of **LAOS**: a web browser extension to improve Mandarin learning (React, Redux, OCR technology).
- Development and Web Design of an e-commerce coupled with a SQL client for products management.
- Development and UX/UI design of **KINOJI**: a website archiving various cinematographic content (NextJS, REST Api, MySQL).
- Art direction, background painting and animation for an animated short-movie (music video).

Graphic & Multimedia Designer

2016 - 2020

Independent contractor :: Nancy, France

Providing visuals for various cultural structures such as associations, music acts and soundsystems.

- Spatial organisation and scenography of various video-mapping installations.
- Art direction and animation for an animated short-movie (music video).
- 3D modelling, animation and compositing of more than a 100 visual samples made to be projected during events.
- Development and UI design of interactive audio-visual software (motion design, generative art).
